The CureMAPK8IP3 Foundation Gift Acceptance Policy

The CureMAPK8IP3 Foundation actively solicits and accepts gifts and grants that are consistent with its mission.

Donations and gifts will generally be accepted from individuals, corporations, partnerships, foundations, organizations, government agencies, or other entities; however, all donations will be subject to the following consideration:

1. Does the donation/gift compromise any of the core values/mission of The CureMAPK8IP3 Foundation and/or its 501(c)3 status?
2. Does the intent of the donor fit with The CureMAPK8IP3 Foundation's use of the donation/gift?
3. Will acceptance of the donation/gift compromise the reputation of The CureMAPK8IP3 Foundation?
4. Will the primary benefit be to The CureMAPK8IP3 Foundation and its mission or to the donor?
5. Is acceptance of the donation/gift consistent with prior donation/gift acceptance practices?
6. Is the donation/gift offered in a form that The CureMAPK8IP3 Foundation can use without incurring significant expense or difficulty?
7. Will the donation/gift positively or negatively affect future giving?

Any gifts of Real Property, Personal Property, Securities, those posing conflicts of interest, and any donations/gifts that pose controversy related to the above 7 areas of consideration will be reviewed and decided upon by the Board of Directors prior to acceptance. The primary consideration will be the impact of the gift on The CureMAPK8IP3 Foundation and its mission.

The CureMAPK8IP3 Foundation urges all prospective donors to seek personal legal and financial counsel in matters pertaining to their gift/donation, including any resulting estate and tax planning consequences.

Policy approved by the Board of Directors on 10/23/23
